Education:

Bachelor of Science in CSE
BRAC University, Dhaka, Bangladesh
2nd year

Career Objective:

As a CSE student, my main goal is to build a programming-based career. So, I started learning about web developing last year. I gained knowledge on both front-end and back-end and I'm willing to know more about these technologies.

Recent Web Projects:

Bistro Boss: A MERN stack restaurant website. With Add item to cart, calculate total price of cart including payment system.
